Some tax relief options for individuals

Venture Capital Trusts (VCTs)

- Relief on investments in certain quoted companies up to £200,000 per annum
- Income tax relief at 30%, provided shares held at least five years
- Capital Gains Tax exemption on disposal (only if income tax relief received)
- Dividends received from VCTs may be exempt from income tax

Enterprise Investment Schemes (EIS)

- Relief on investments in certain unquoted trading companies up to £1m per annum (or £2m as long as at least £1m of this is invested in knowledge intensive companies)
- Income tax relief at 30%
- Capital Gains Tax exemption on disposal
- Unlimited amounts of capital gains from the disposal of other assets may be able to be deferred by making an EIS investment

Corporation Tax

- The Corporation Tax for company profits is currently 19%, to be reduced to 17% by April 2020

Inheritance Tax (IHT)

- The nil rate IHT band is £325,000, with 40% IHT normally payable above this threshold
- A lower rate of IHT (36%) applies if you leave 10% of your net assets to charity
- Residence nil rate band of £150,000 where a residence is passed on death to a direct descendant (increases to £175,000 in 2020–21)

The proportion of the threshold 'unused' on the first death of husband or wife (or civil partners) is effectively transferable to the surviving partner and serves to increase his or her threshold by a corresponding percentage.

Chargeable lifetime transfers and potentially exempt transfers attract taper relief, if made up to seven years before death on the amount of gift over the nil rate band.

Certain gifts are IHT-free however soon death occurs, including:

- Gifts between UK domiciled husband and wife or between civil partners
- Total gifts up to £3,000 in a year (can be carried forward one year)
- Small gifts to other recipients (up to £250 per recipient in year)
- Gifts in consideration of marriage or civil partnership ranging from £5,000 from each parent of the couple, to £1,000 from anyone else
